Believe it! There actually is a toilet bowl cleaner that removes tough stains without harming your plumbing. Ideal for daily cleaning or routine maintenance, Water Flakes® Bowl Cleaner is the professional strength toilet bowl cleaner you've been waiting for. Bowl Cleaner easily destroys stubborn stains built by soils, lime scale, and urinary salts. But that's not all.

Stearns developed Bowl Cleaner to be an environmentally responsible product. Its concentrated detergent contains a readily biodegradable surfactant system and is free of phenolic compounds. Premeasured and packaged in a 100% biodegradable water-soluble film, the packet dissolves completely in water, reducing packaging waste, and leaving you with solution ready for cleaning.

Just drop one water-soluble packet of Bowl Cleaner into the toilet bowl. The concentrated powdered detergent will break down and remove soils, lime scale, and urinary salts with its high foaming action.

Directions

Flush bowl before cleaning. Add one packet of Bowl Cleaner to the toilet bowl. Foam will appear within seconds. When foam covers water surface, swab bowl inside and out, especially under the rim. Let toilet stand as long as is practical before flushing.

Chemical Characteristics

Appearance	Blue Packets
Biodegradable	Yes
Corrosive Category (Concentrate).....	No
Corrosive Category (Use Dilution).....	No
DEA-Free	Yes
Fragrance	Baby Powder
Non-Acid	Yes
Non-Butyl	Yes
